Wildcard Example for Singles Going to Regionals

Step 1 - Top 4 finishers in all 4 Divisions are invited (see Notes).

Step 2 - All other 26 players are ranked in descending order and the highest 8 are selected to fill out a total of 24 singles players.

Notes:

(i) Player 2 has broken their leg and can't compete at Regionals so the 5th place finisher (Player 5) was invited instead.

(ii) Player 13 has a wedding to go to on the weekend of Regionals and rejects our invitation so the 5th place finisher (Player 16) was invited instead.

(iii) Player 15 turns us down so the 6th place finisher (Player 17) was invited instead, but he turns us down also, so the 7th place finisher (Player 18) was invited and accepts.

(iv) Player 31 turns us down so the 5th place finisher (Player 32) accepts.
